---

John,

I just talked with Gary and he called the PRPs to check on site activities. The PRPs were not able to mobilize to the site today (3/9/16) due to weather conditions.

The PRPs still plan on mobilizing to the site tomorrow morning and start placing rock as soon as weather permits.

Gary's flight to Houston was delayed this morning but he is schedule to fly out later this afternoon and be at the site tomorrow morning. CAS
